

What is NTENTAN?

NTENTAN is a 24/7 Tele-Nursing Service created by One Love Sisters Ghana to provide safe, affirming, and confidential health support for LBQ and Gender Non-Conforming (GNC) persons.

It bridges gaps in access to care by meeting people where they are, without judgment or fear.

**Safe | Affirming |
Confidential**

Why NTENTAN Matters

For many LBQ & GNC persons in Ghana:

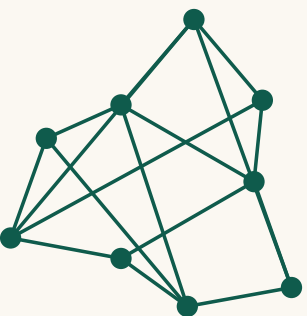

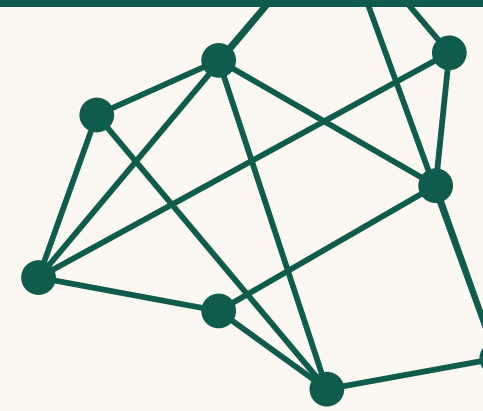

- Health spaces are unsafe or discriminatory
- Survivors of violence are often left without follow-up care
- Fear prevents timely access to medical support

NTENTAN responds by centering

DIGNITY

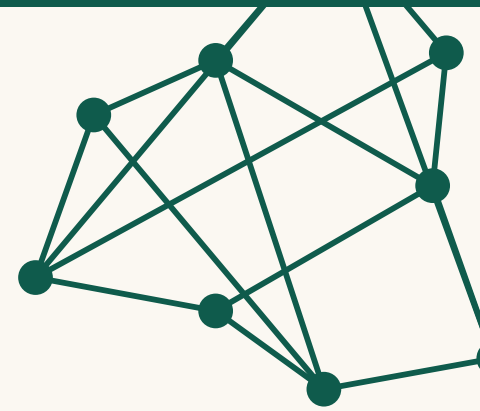

TRUST

LIVED REALITIES

How NTENTAN Works?

Through inclusive, affirming, and trained nurses, NTENTAN provides:

1

**Basic SRHR and
general health
guidance**

2

**Emotional
reassurance and
care navigation**

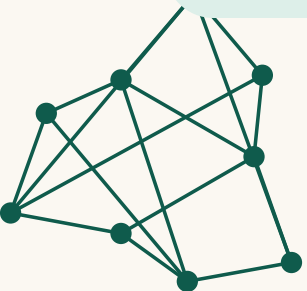

3

**Referrals to trusted
health facilities**

4

**Follow-ups after
crisis or violence**

All support is confidential, ethical, and trauma-informed.

Integration with Kabi Ma Me GBV Hotline

Kabi Ma Me GBV Hotline

- First response to cases of violence
- Crisis support, safety planning, and referrals

NTENTAN Tele-Nursing

- Health assessment and nursing care

Together, they ensure no survivor is left alone.

A Holistic Care Model

When violence happens:

1

A survivor reaches the
Kabi Ma Me GBV
Hotline

2

Safety planning and
immediate support are
provided

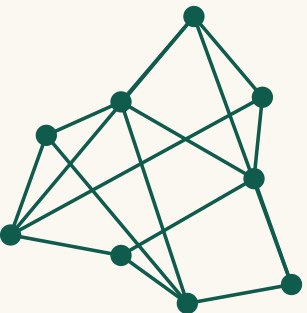

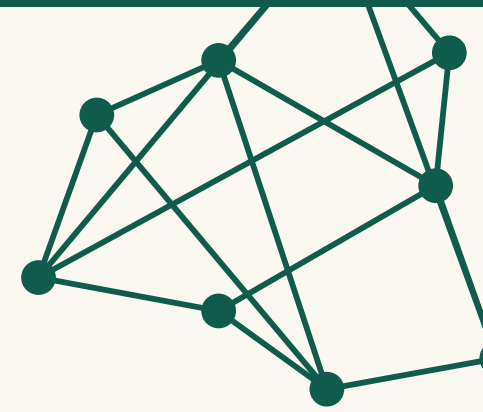

3

NTENTAN nurses step
in for SRHR-related
care and follow-up
when needed

4

The survivor receives
continued, affirming
support

Safety. Care. Assurance. Continuity.
